The Heat Pack Company Overview

Natural Heat Therapy for Comfort, Pain Relief & Relaxation

The Heat Pack Company specialises in natural, drug-free heat therapy solutions designed to provide soothing warmth, relaxation and targeted relief for everyday aches and discomfort. Using quality wheat and lavender across selected products, its heat packs offer a simple and convenient way to enjoy therapeutic warmth at home.

MICROHEAT

A range of microwaveable wheat heat packs created to help relieve aches, stiffness and general body discomfort. Their flexible design allows the heat packs to mould comfortably around different areas of the body, making them suitable for targeted warmth and relaxation.

THERMODr

Handmade microwaveable heat packs and pads filled with natural, cleaned wheat and lavender. Designed for therapeutic, drug-free pain relief, the range includes wheat bags, body wraps with elasticated straps and instant heat patches for muscle and joint discomfort.

THERMO THERAPY

A specialised collection of therapeutic microwaveable wheat and lavender-filled heat packs developed for comfort, pain relief and relaxation. The range includes plush faux fur and fleece designs, alongside specialised registered medical device heat packs.
